L	106 - 114	174 - 180
XL	114 - 122	180 - 186

CERTIFICATION

EN 343

STORAGE AND MAINTENANCE

It is recommended that the new Aquasol Pro Garments are stored in their original packaging and clear of UV sources.

It is recommended that the care instructions, as detailed on the label, are followed. To remove contamination, Aquasol Pro clothing can be washed at 40°C, and subsequently allowed to drip dry, in the shade, clear of UV sources. Aquasol Pro clothing should be stored in a cool, dry and clean environment.

Advice: For reasons of hygiene the garments should preferably be worn by the same person.
